Hinterland Brewery's Response to Novel Coronavirus (COVID-19)

Dear Customers:

These are uncertain times and the safety of our guests, staff and products are our highest priority. We take great pride in maintaining the highest standards for food and beverage safety, cleanliness and hygiene. In response to coronavirus, we are taking additional measures to ensure the safety of our guests, staff, facility, food and beverage. These additional steps include:

- Our team members are being briefed daily on enhanced handwashing and food/beverage safety
- We have increased the frequency of cleaning both our public and private spaces within our restaurant and brewery. As always, we use sanitizing cleaning solutions that disinfect all surfaces, dishes, equipment, etc...
- We have deployed distribution of hand antiseptic wipes for each and every visitor/guest to our restaurant. In addition, we are installing hand sanitizer stations in multiple locations through our building for quick access for guests and staff members to increase frequency of hand sanitization.
- We are continuing to listen and implement any and all recommendations from federal, state and local sanitarians.

We appreciate your continued patronage and support as we as a community navigate through these challenging times. As always, Hinterland will continue to deliver first rate hospitality to all that patronize our restaurant and brewery.

Sincerely,

Bill Tressler, President/Owner
Hinterland Brewery
